Senate:

Senator [LAST NAME],

As one of my United States Senators, I am asking you to stand against President Obama's Health Care Plan. While I agree that our health care system is in need of reform so that we can help lower cost for families and businesses, this plan does not address those concerns.

The Presidents proposal is too costly I do not want the government in control of my health care. Any of my personal health decisions need to be between my doctor, my family, and me.

Sincerely,
